The Access Point Medical™ Semi-Electric Bed, Deluxe Foam Mattress and Full Length Side Rails

Product Overview

The semi electric bed offers caregivers many conveniences in a home care bed. The electric motor provides ease of maneuverability for the user's head and knee position. The manual crank system at the foot of the bed adjusts the bed height. An emergency crank allows the motor to be operated manually in the event of a power failure. Maximum weight capacity of 480 lbs.

Features

- Height adjusts from 16" to 24"
- Manual crank adjusts bed height
- Head and knee/leg mechanically adjust
- Smooth rolling casters to relocate bed
- Durable powder coating

Warranty

2 year on electrical part, Limited lifetime
