*AXS 2300 Front Wheel Drive Power Wheelchair Shown with Drop Down Controller in Desk/Table Position***Product Overview**

The AXS 2300 Power Wheelchair is designed with a programmable VSI controller with front wheel drive design that puts control at the user's fingertips. The wheelchair offers superb maneuverability due to the use of large sealed precision ball bearings. AXS 2300 is engineered with heavy-duty tubular, formed steel and powdered coated frame. The premium seat design offers exceptional comfort and adjustability to meet users' seating needs. Seats can rotate 90° in either direction for easy transfer.

**Features**

- Maximum capacity of 350 lbs.
- Premium padded seating offers comfort and adjustability for all users
- Adjustable footrest and armrests for added comfort
- Low floor-to-seat height for easy transfer
- 90° swivel seat for easy transfer
- Maneuverability: large sealed precision ball bearings
  - Max Climbing Angle: 9°, 16% grade
  - Turning Radius: 22", ideal for indoor use
  - Speed range: up to 3.5 mph

**Warranty**

Frame—lifetime limited; workmanship and parts—1 year;  
Drive motor—24 months limited; electronics—18 month limited

**Accessories**

U1 batteries sold separately.

**Standard Configuration**

Premium seat, footrests, armrest, battery charger, storage bag, pneumatic tires
